

SHEPHERD

COMMUNICATION & SECURITY

Always On Guard

What some of our clients are saying about us...

They are great!! They are so professional, and trust them one hundred percent. Works very clean, even took their shoes off. Gave some great tips and suggestions about some new windows. Great to work with, totally surpassed all my expectations. Highly recommend.

- **Mike R, Residential Customer**

They did a fantastic job! Well trained technicians, and they came in, did exactly what they said they would do, and left the home nice and neat. Very responsive to calls and questions, and they even taught me more about my system.

- **Dan B, DRB Business Interiors**

I have been using this company for years, they have either met or exceeded expectations.

- **Craig S, Pyramid Mall, Facilities Manager**

I have been dealing with Shepherd Communication for several years now. They have been a huge help with changing alarm batteries. They have been especially responsive when I have called with problems. The technician really knows the system and is super nice to work with. I would recommend them to any one.

- **Ruth P**

I have to say the prompt service given by Shepherd Communication was exceptional. The fact that they were able to accommodate my request from Global tracking was amazing. Thank you for all you do to keep us safe.

- **Elaine O**

These guys are fantastic. They really know their stuff and are a pleasure to work with. When I ask them to do something I know it will be done right. I rarely have to check on them. They also know when to ask questions. They build relationships with the clients and that is very important to me. They are solid!

- **Walter G, Tech Bridge Group**

Shepherd Communication & Security comes highly recommended by Bestpass. Not only did they meet every deliverable, every challenge and every problem that came their way... but their staff is courteous, neat, trustworthy and highly skilled. They took care of issues and problems along the way during a very busy project and never let us down. Follow up has been spot on, quick and happily resolved with a moments notice. We look forward to our next phase and working with them again.
